

Andre J Plath
CS364 Information Management
Spring 2018
Professor David Olson
April 7, 2018

Linux Lab 2

1) `#include<stdio.h>`

```
int main(void)
{
    printf("Andre Plath says hello world\n\n");
    return 0;
}
```

2) `#include <stdio.h>`

```
int main(void)
{
    int birthYear = 1970;
    int currentYear = 2018;
    int age = currentYear - birthYear;
    printf("Andre Plath was born in %d\n\n",birthYear);
    printf("Andre Plath is %d years old\n\n",age); return 0;
}
```

3)

```
andreiplath — ssh aplath16s18@199.193.232.244 — 80x25
aplath16s18@cs-mint ~ $ gcc Plath.c
aplath16s18@cs-mint ~ $ ./a.out
Andre Plath says hello world

aplath16s18@cs-mint ~ $
```

```
andreiplath — ssh aplath16s18@199.193.232.244 — 80x25
aplath16s18@cs-mint ~ $ gcc Plath_Age.c -o Age
aplath16s18@cs-mint ~ $ ./Age
Andre Plath was born in 1970

Andre Plath is 48 years old

aplath16s18@cs-mint ~ $
```
